¿Qué es Full Site Editing?

Bloques everywhere

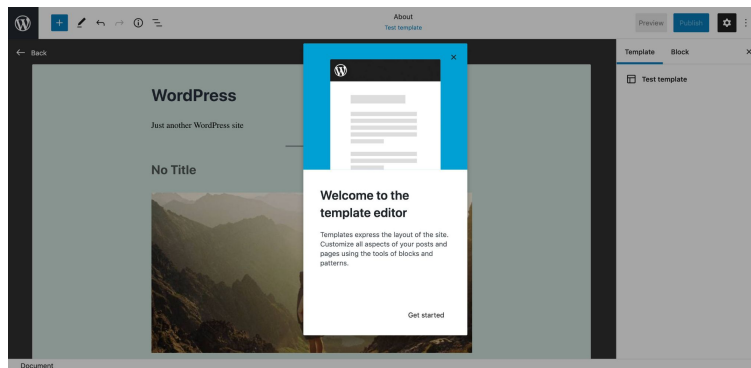

Widgets como
bloques

Nuevos bloques y
mejoras en el editor

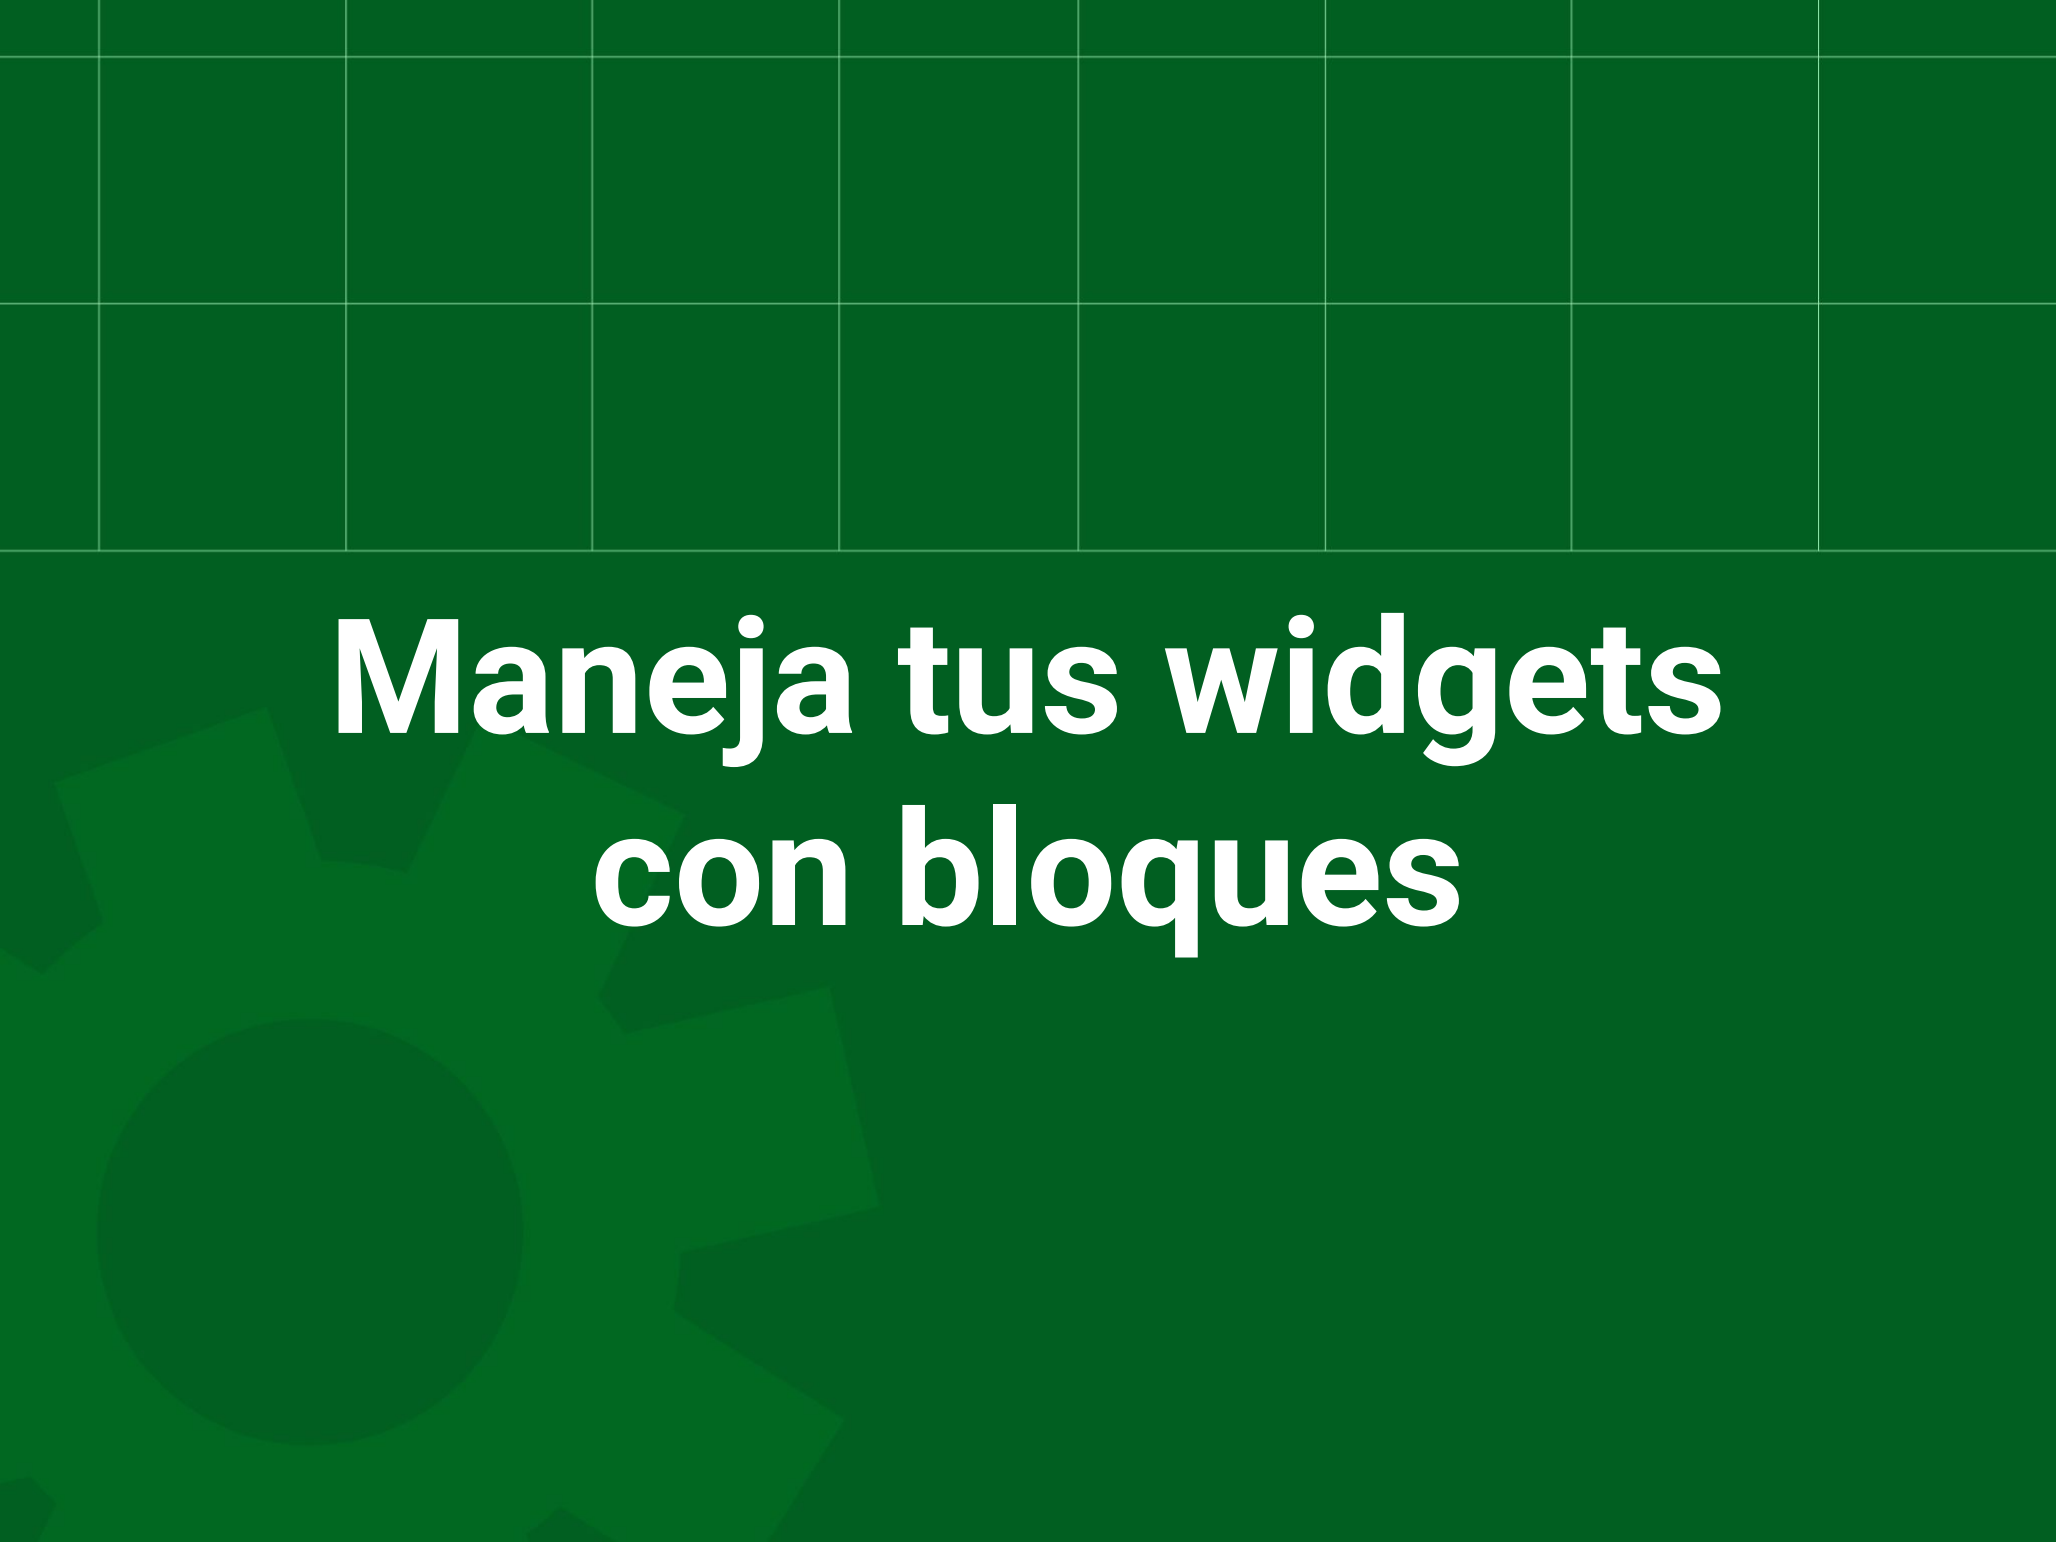

Más características de FSE

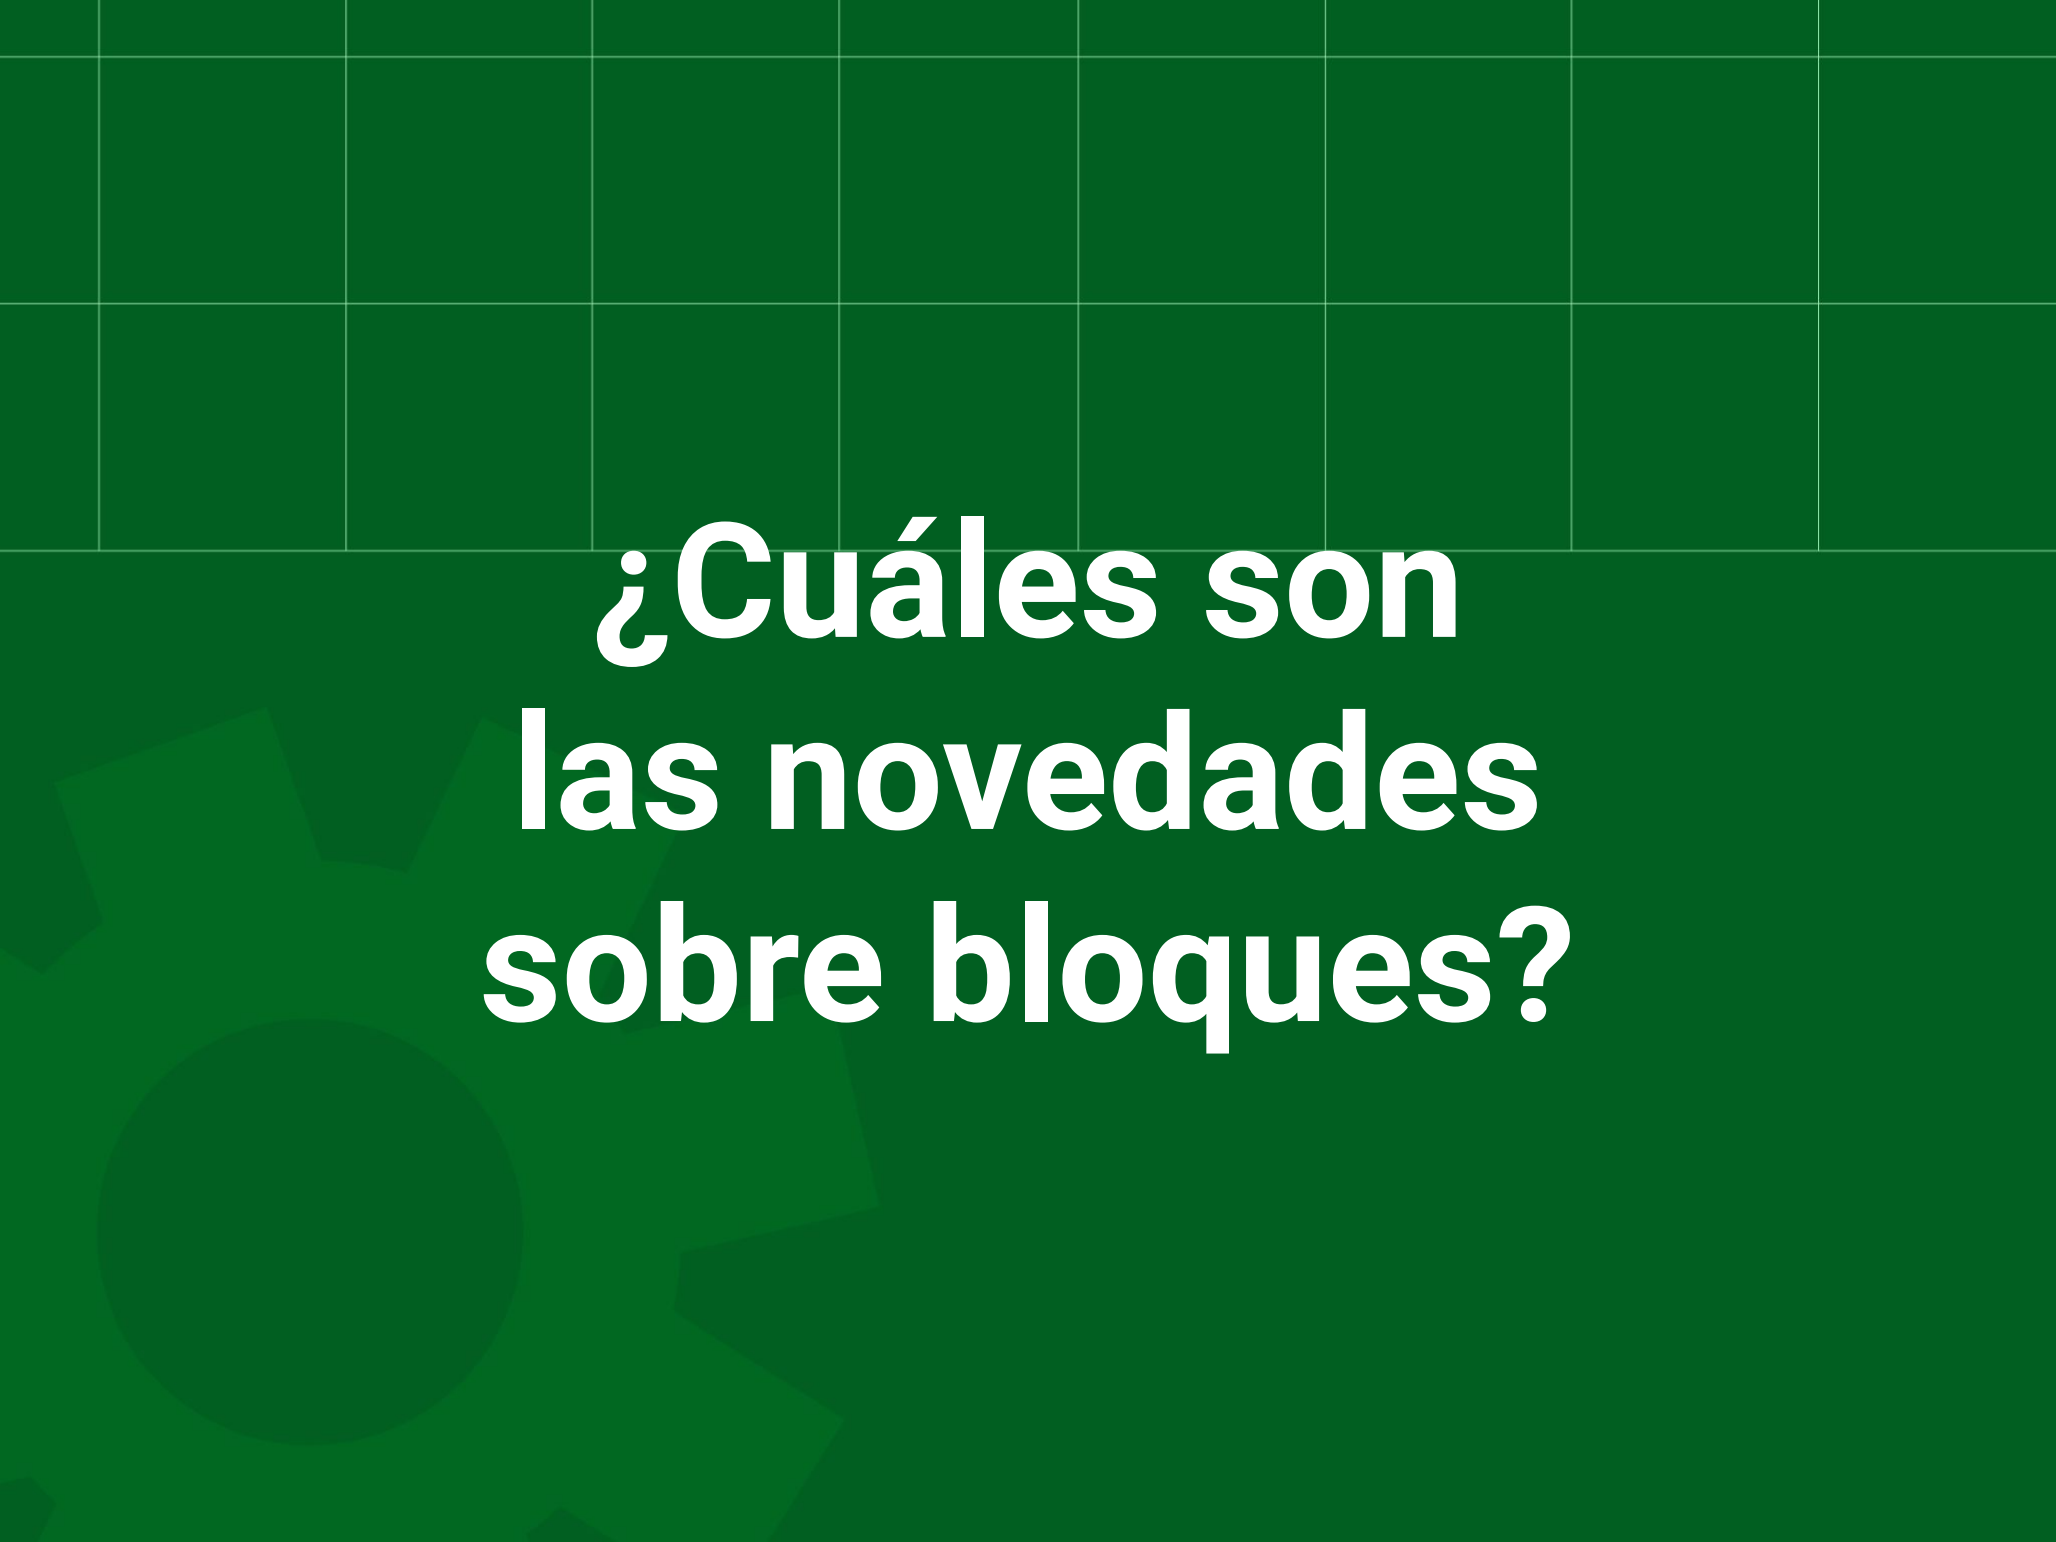

Templates Block

Estilos globales con
theme.json

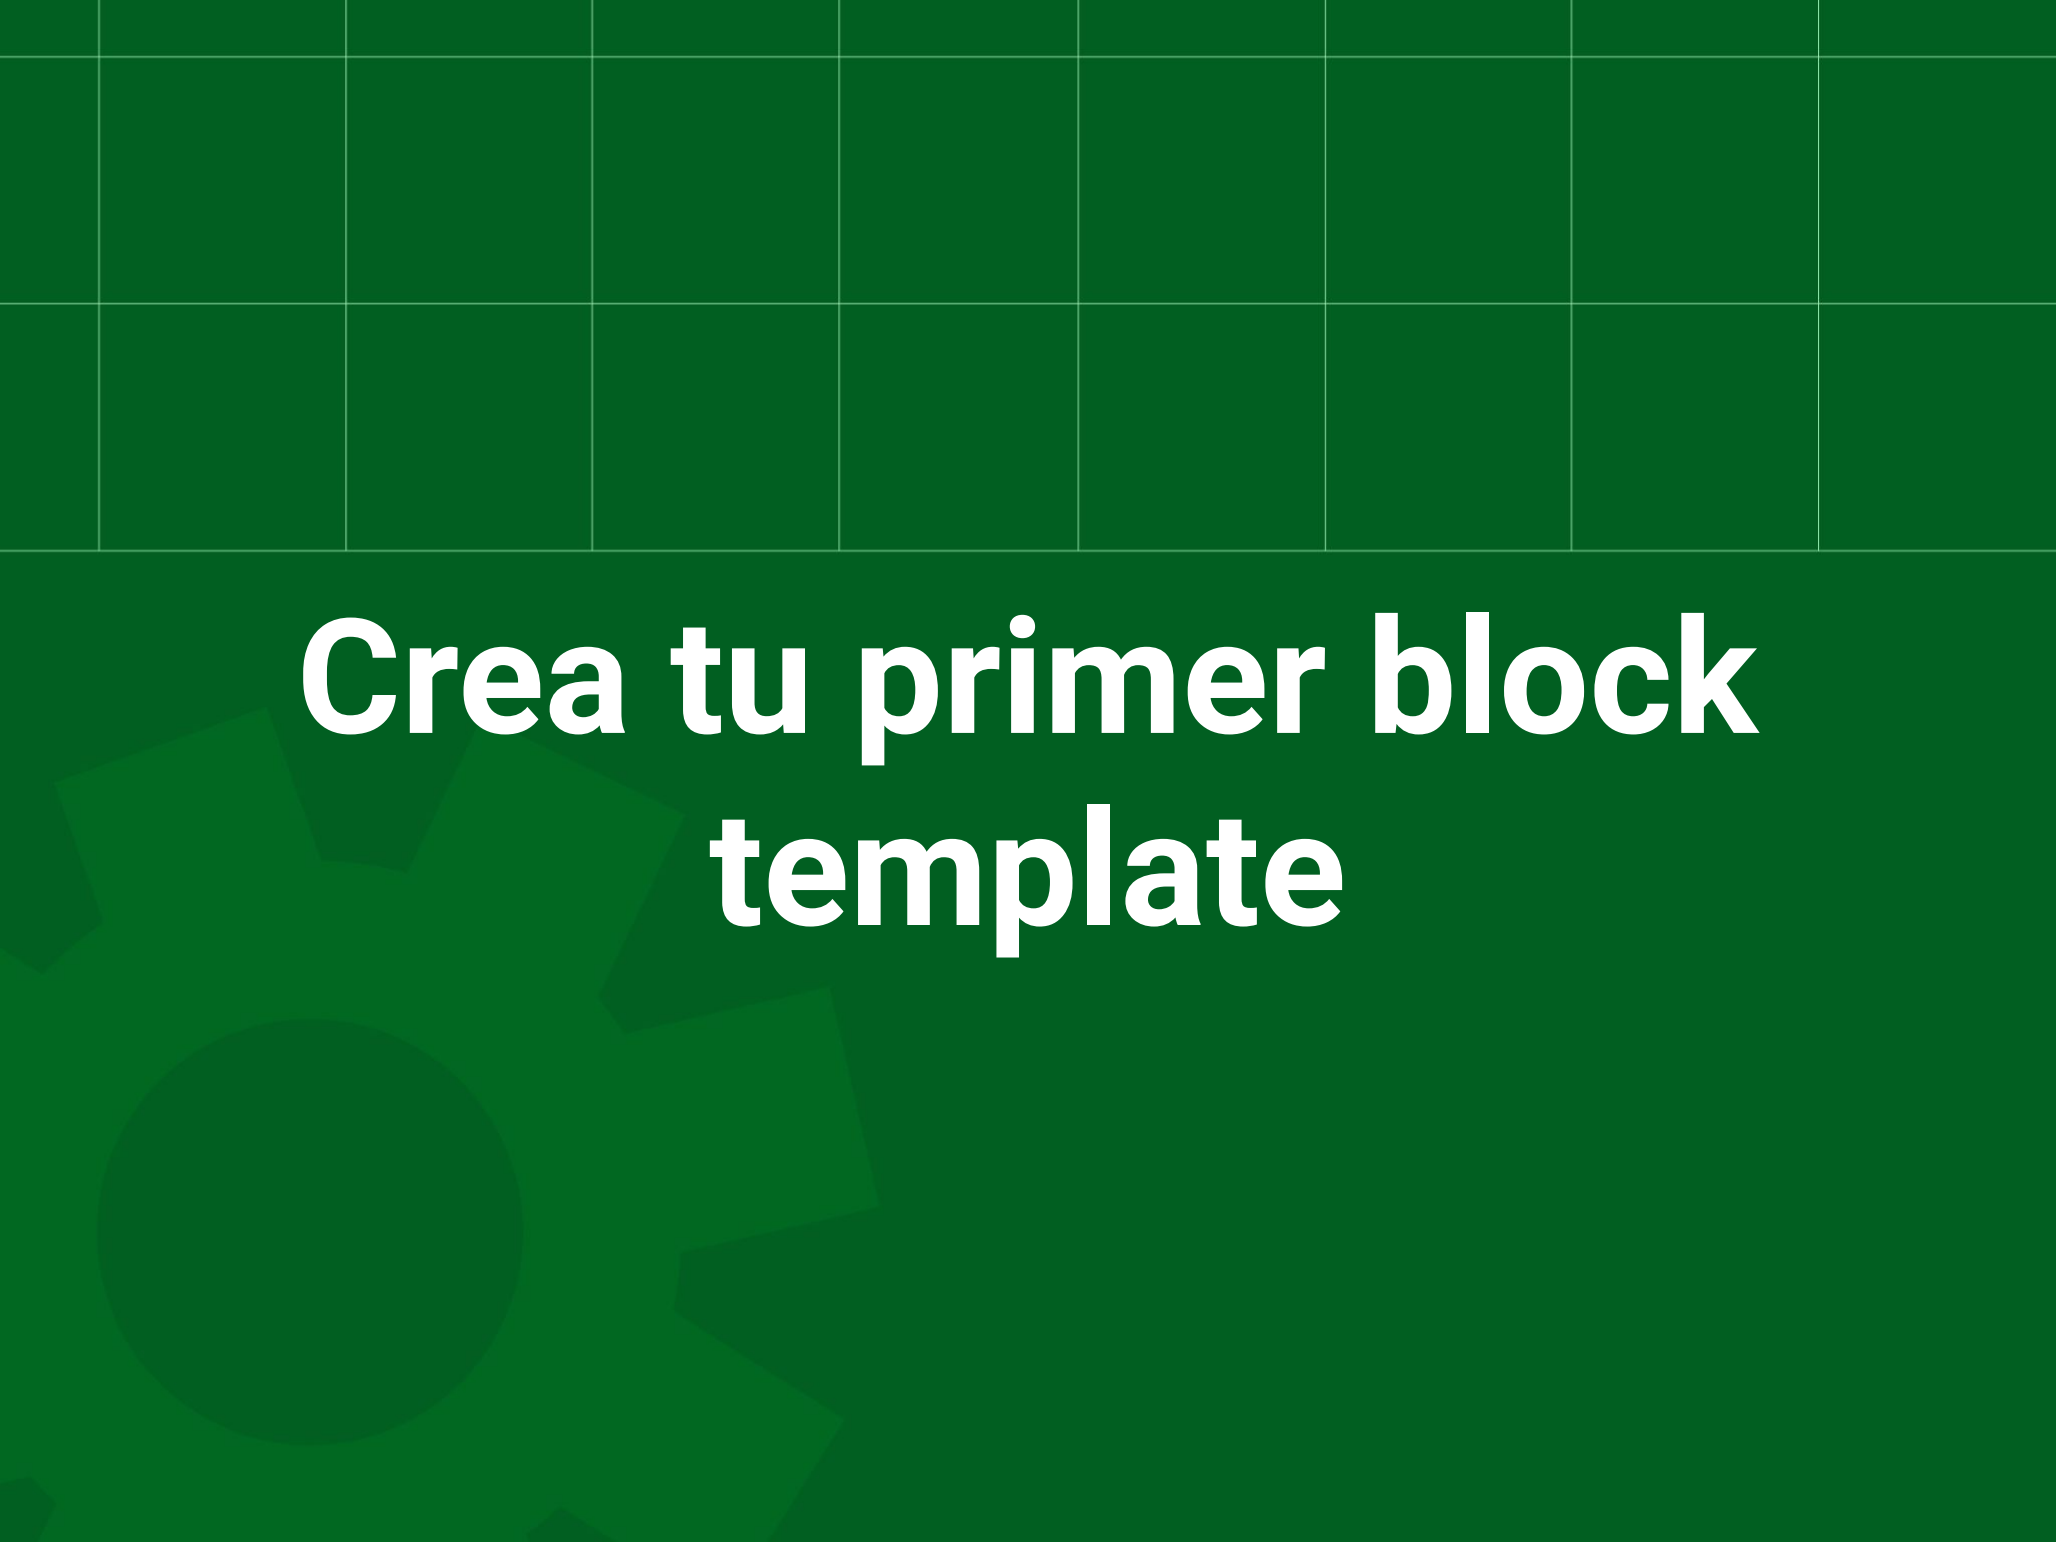

Maneja tus widgets con bloques

The background is a solid green color with a white grid pattern. In the bottom-left corner, there are faint, semi-transparent gear icons of different sizes.

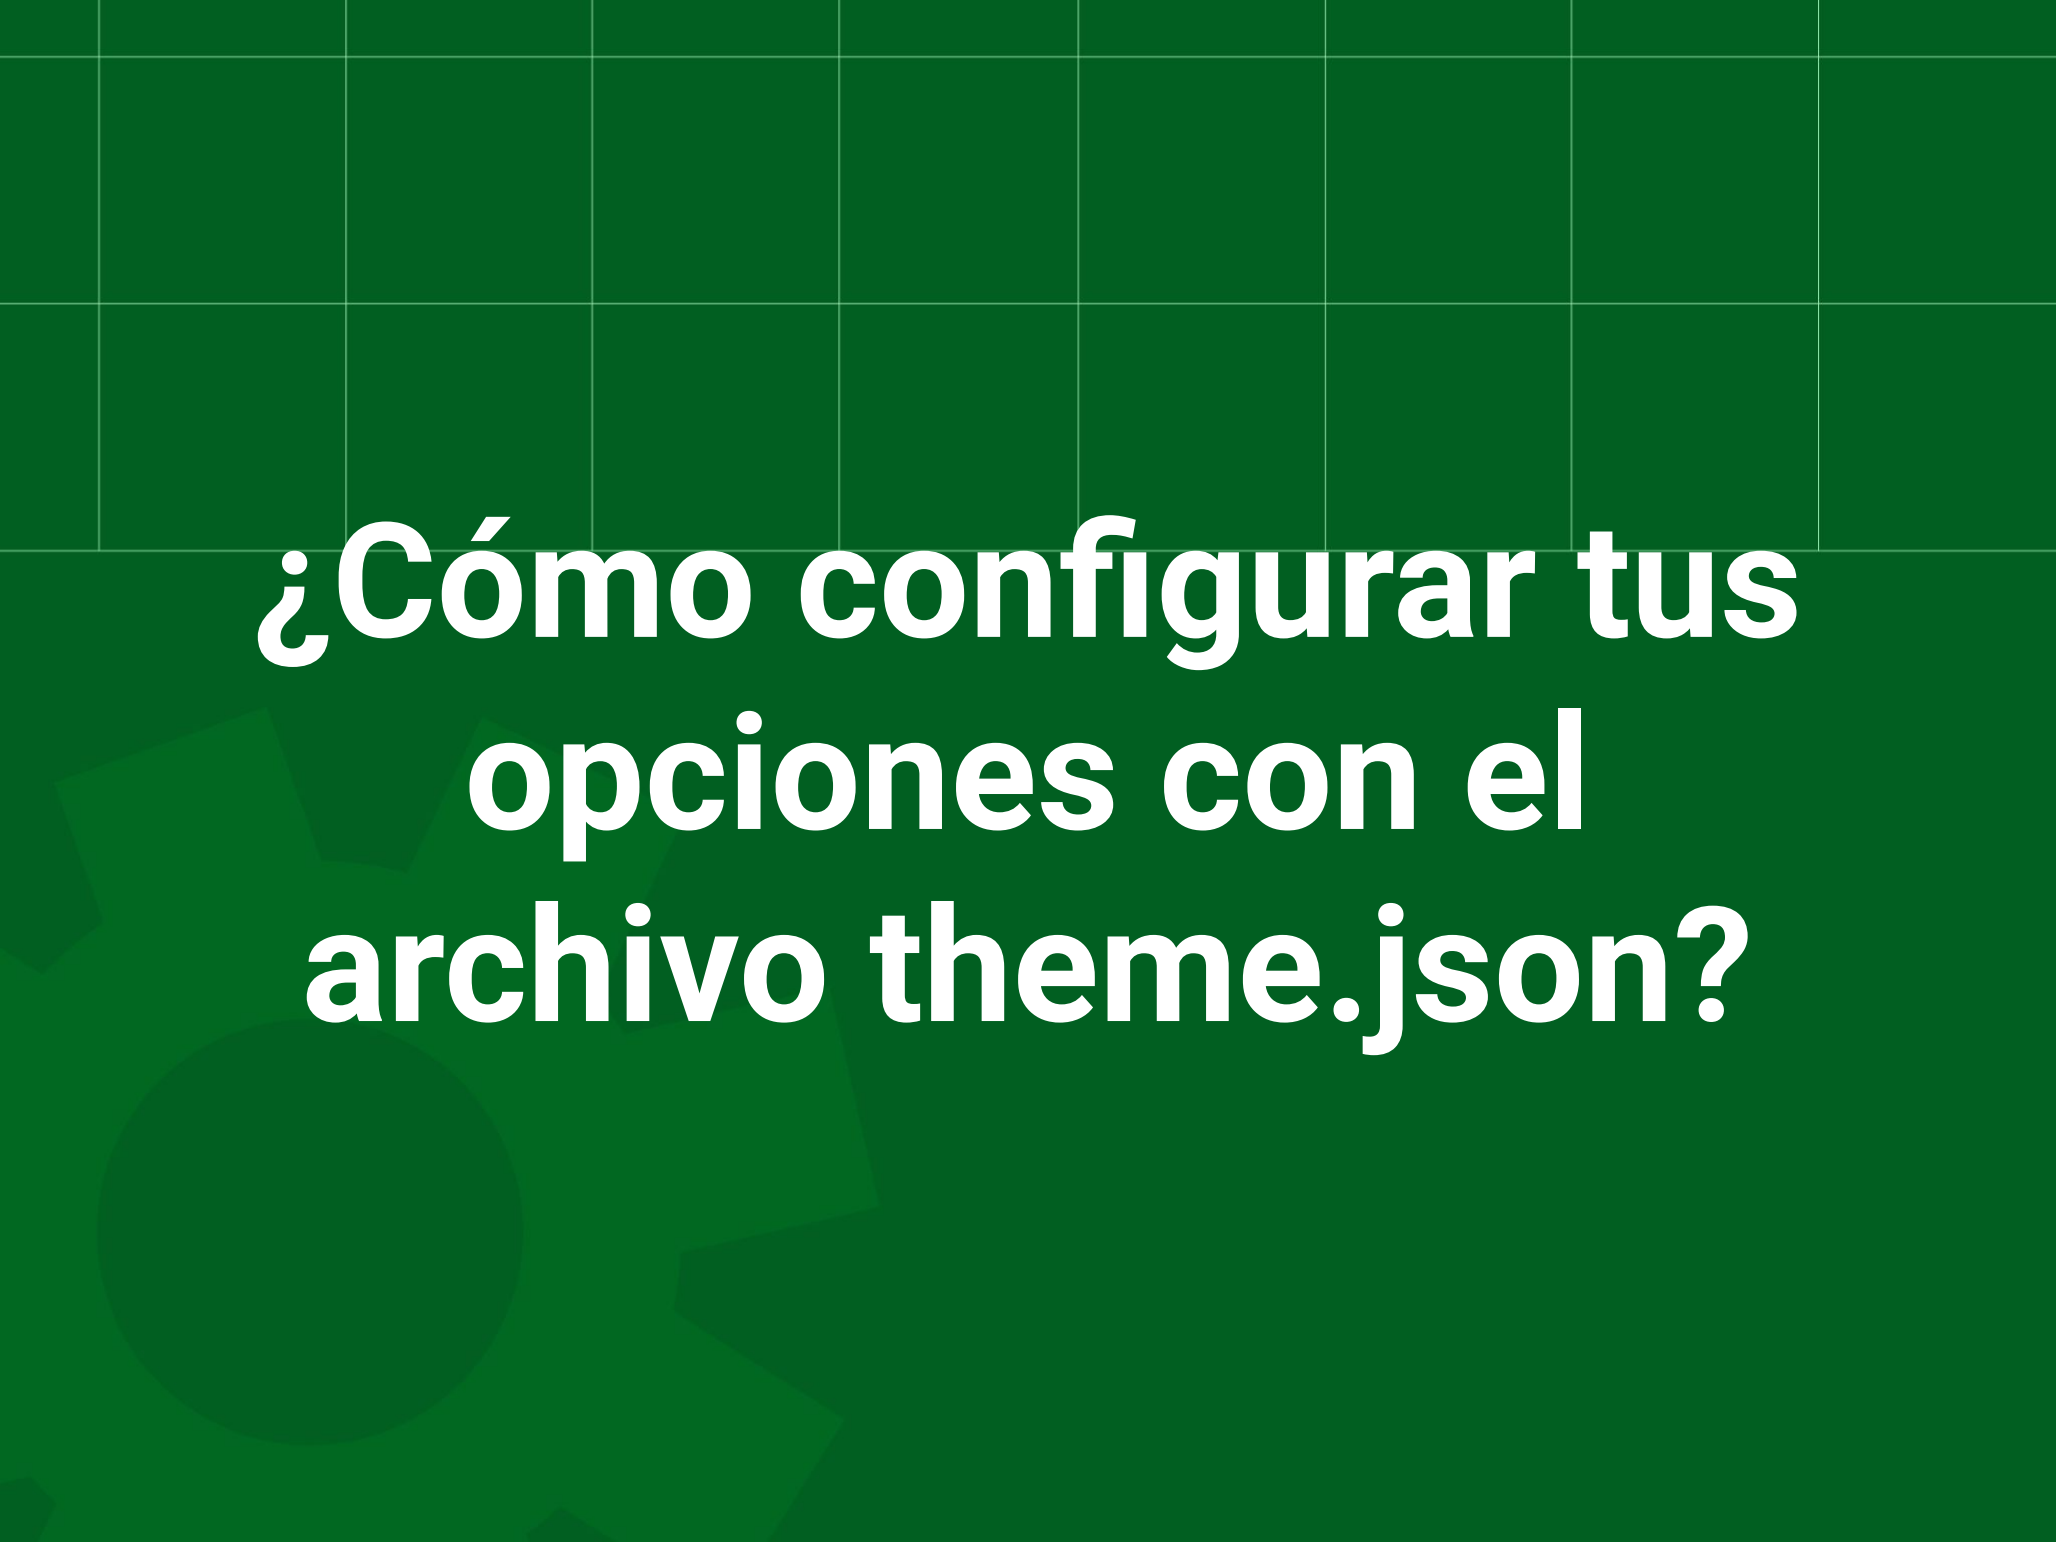

**¿Cuáles son
las novedades
sobre bloques?**

The background is a solid green color. In the top-left corner, there is a grid of thin, light green lines forming squares. In the bottom-left corner, there is a faint, larger gear or cogwheel pattern, also in a slightly darker shade of green.

**Habilita los block
templates en tu
theme**

Crea tu primer block template

**¿Cómo configurar tus
opciones con el
archivo theme.json?**

**¿Para qué se puede
utilizar el archivo
theme.json?**

Settings vs add_theme_support()

add_theme_support	theme.json setting
custom-line-height	Set <code>typography.customLineHeight</code> to <code>true</code> .
custom-spacing	Set <code>spacing.customPadding</code> to <code>true</code> .
custom-units	Provide the list of units via <code>spacing.units</code> .
disable-custom-colors	Set <code>color.custom</code> to <code>false</code> .
disable-custom-font-sizes	Set <code>typography.customFontSize</code> to <code>false</code> .
disable-custom-gradients	Set <code>color.customGradient</code> to <code>false</code> .
editor-color-palette	Provide the list of colors via <code>color.palette</code> .
editor-font-sizes	Provide the list of font size via <code>typography.fontSizes</code> .
editor-gradient-presets	Provide the list of gradients via <code>color.gradients</code> .
experimental-link-color	Set <code>color.link</code> to <code>true</code> .

Settings: color

```
"color": {  
  "custom": true,  
  "customDuotone": true,  
  "customGradient": true,  
  "duotone": [],  
  "gradients": [],  
  "link": false,  
  "palette": []  
},
```

Settings: custom

```
"custom": {  
  "baseFont": 16,  
},
```

```
Output  
body {  
  --wp--custom--base-font:  
  16;  
}
```

Settings: layout

```
"layout": {  
  "contentSize": "800px",  
  "wideSize": "1000px"  
},
```

Settings: spacing

```
"spacing": {  
  "customMargin": false,  
  "customPadding": false,  
  "units": [ "px", "em", "rem",  
             "vh", "vw" ]  
},
```

Settings: typography

```
"typography": {  
  "customFontSize": true,  
  "customLineHeight": false,  
  "dropCap": true,  
  "fontSizes": []  
},
```

Settings: blocks

```
"blocks": {  
  "core/paragraph": {  
    "color": {},  
    "custom": {},  
    "layout": {},  
    "spacing": {},  
    "typography": {}  
  },  
}
```

**Agrega estilos
globales a tu theme**

**¿Qué podemos hacer
con la clave `styles` del
archivo `theme.json`?**

A decorative vertical bar on the left side of the slide, consisting of a light green rectangle with a thin black border.

Styles: color

```
"color": {  
  "background": "value",  
  "gradient": "value",  
  "text": "value"  
},
```

Styles: spacing

```
"spacing": {  
  "margin": {  
    "top": "value",  
    "right": "value",  
    "bottom": "value",  
    "left": "value"  
  },  
  "padding": {}  
},
```

Styles: typography

```
"typography": {  
  "fontSize": "value",  
  "lineHeight": "value"  
},
```

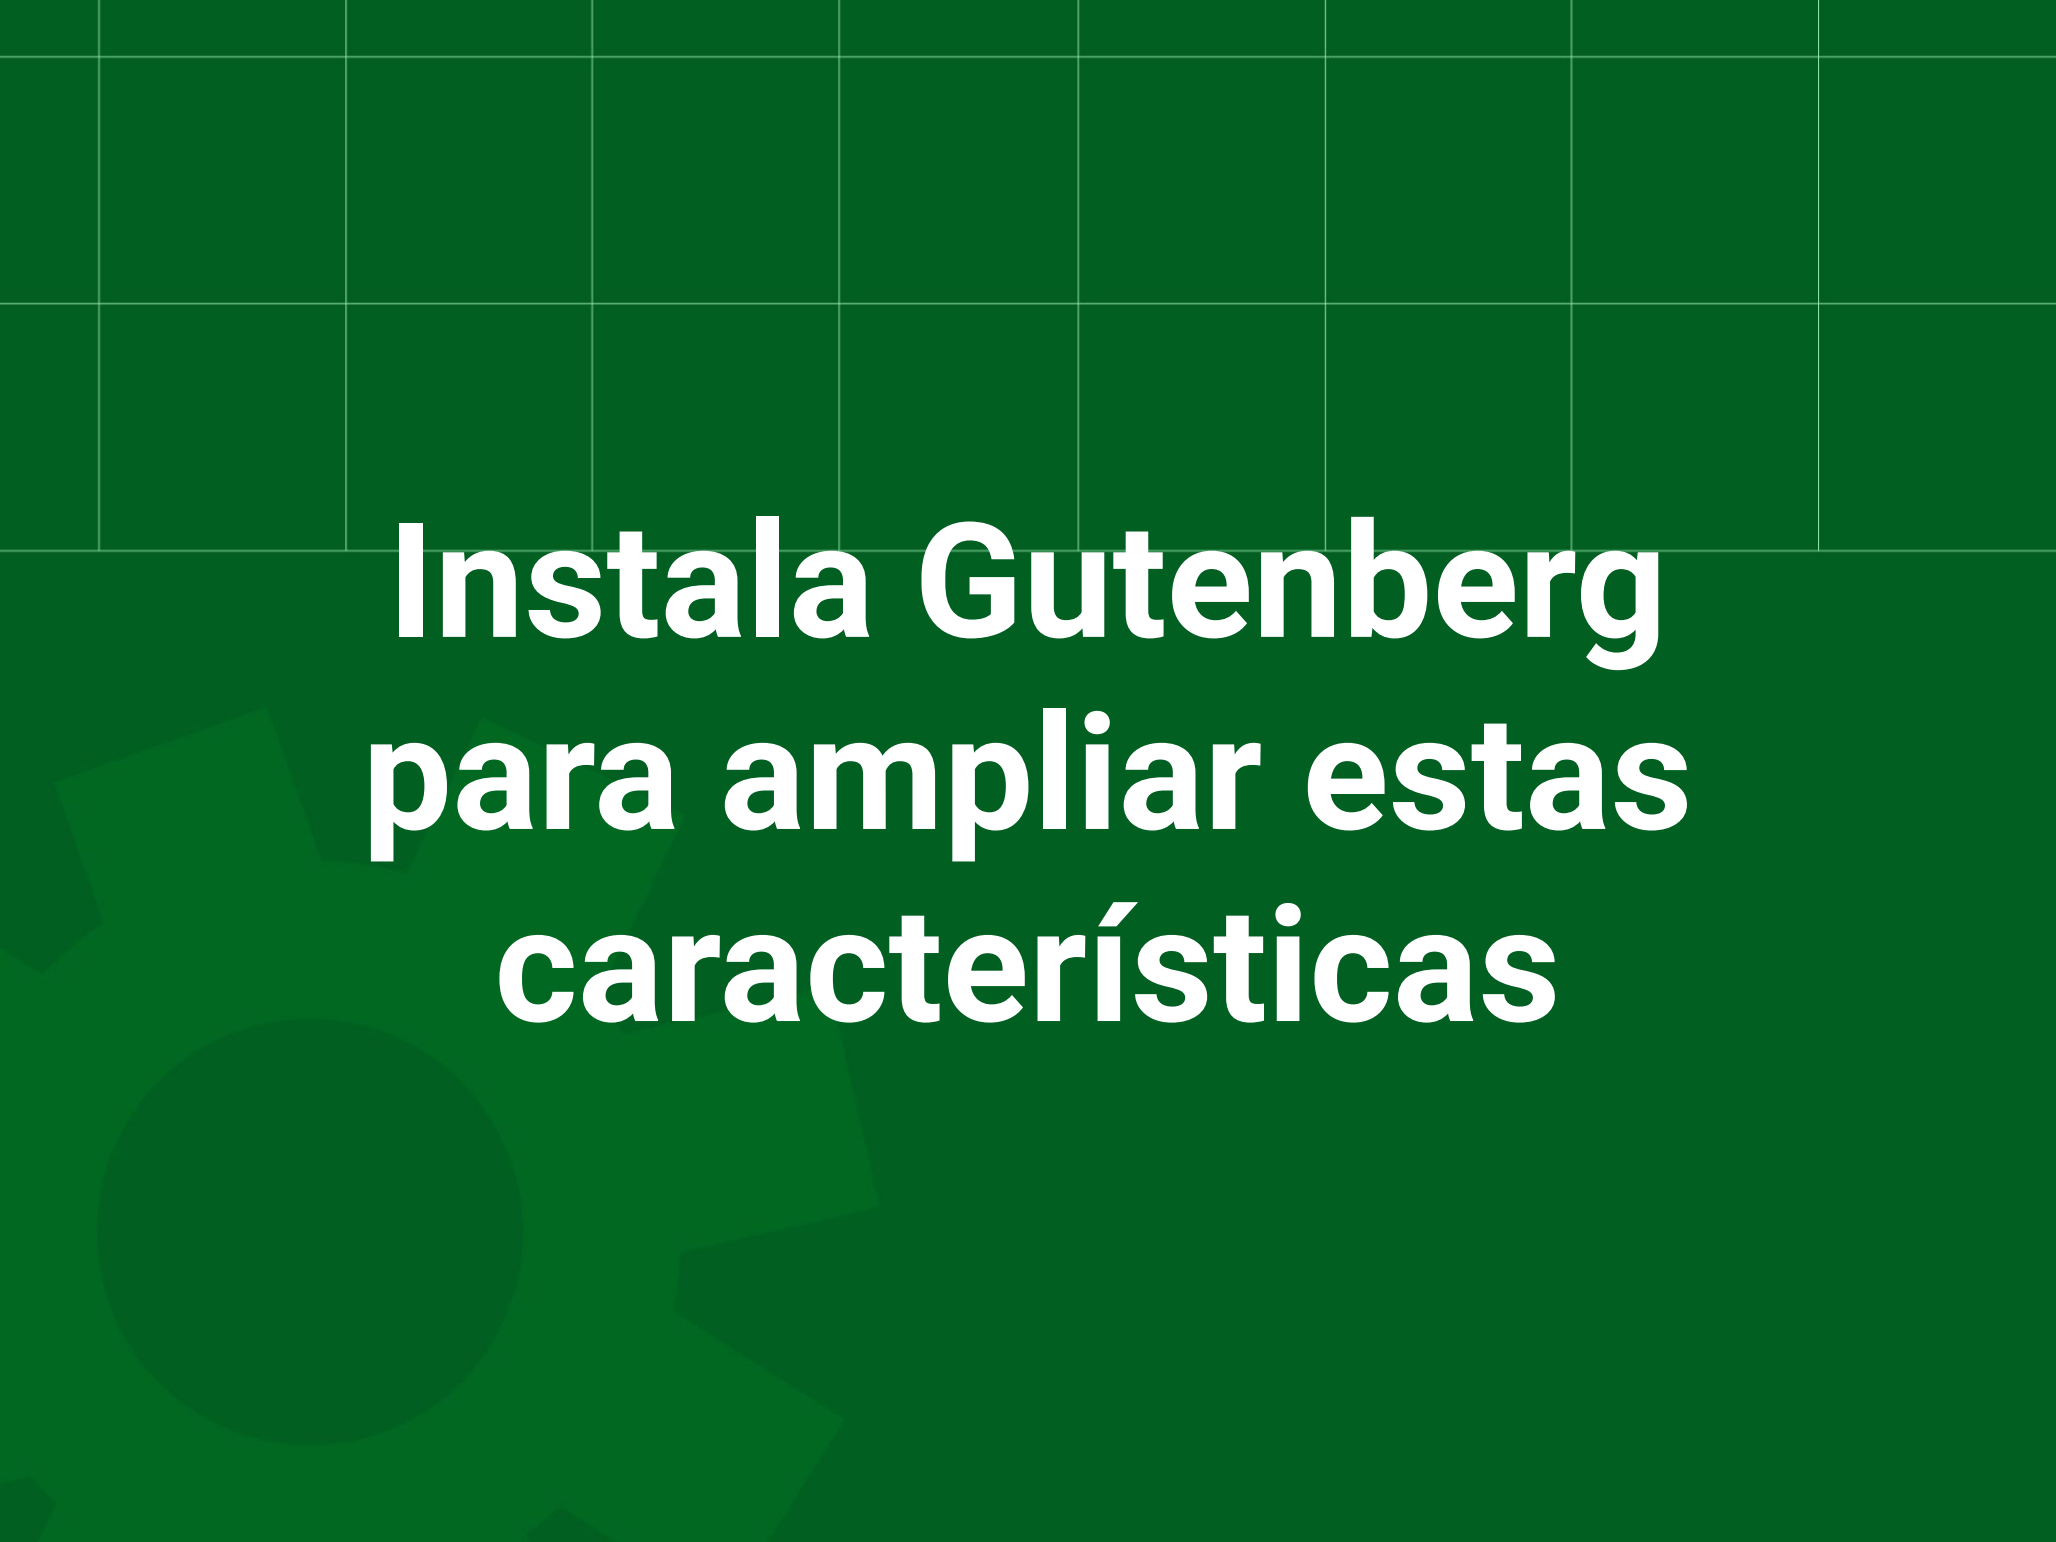

Styles: elements

```
"elements": {  
  "link": {  
    "color": {},  
    "spacing": {},  
    "typography": {}  
  },  
  "h1": {}, "h2": {}, "h3": {},  
  "h4": {}, "h5": {}, "h6": {}  
},
```

Styles: blocks

```
"blocks": {  
  "core/group": {  
    "color": {},  
    "spacing": {},  
    "typography": {},  
    "elements": {}  
  },  
}
```

**Instala Gutenberg
para ampliar estas
características**

¡Felicitaciones!

**Y ahora, ¿por dónde
puedo continuar con
WordPress?**
